Professional Profile

Web developer and UI designer with experience creating responsive, accessible, and user-centered interfaces.
Strong skills in HTML and CSS, intermediate experience with Figma, Tailwind CSS, and Bootstrap, and basic knowledge of JavaScript.
I'm looking to contribute to innovative projects and continue growing professionally.

Project Experience

NoCountry – Checkpoint Zone (Jul 2024):

- Designed and developed a video game eCommerce platform.

- Focused on usability and accessibility for a smooth user experience.

NoCountry – Clinical Lab Project (Jul 2024):

- Designed an informative website focused on simplicity and user experience.

- Enabled easy appointment scheduling and test access.

Education

- Intro to Web Development 1 – Google Activate (Jul 2022)

- Intro to Web Development 2 – Google Activate (Nov 2022)
- Complete CSS Course – Udemy (2023)
- UX/UI Design introduction – Desafio Latam (2025)
- QA manual testing – Desafio Latam (2025)
